

SPRINGWELL LEARNING COMMUNITY

QUALITY ASSURANCE POLICY

Quality Assurance Policy

Policy Statement

As a self-improving school, we are fully committed to continuously reviewing and evaluating all our practices and procedures to ensure we provide the highest quality of education Possible for all our learners.

Our commitment to review and evaluate all our practices also enables us to constantly monitor the quality of support, training and continued professional development (CPD) that we offer the staff at Springwell School.

Self-evaluation processes enable us to gain knowledge of our current strengths, as well as highlighting areas for further development – but the process does not end there. We are committed to developing strategies and structures that support staff to develop their skills and knowledge in order to impact on the constant improvement of teaching, learning and high quality educational provision.

Springwell School will regularly review its practices in order to continually improve its effectiveness at all levels.

Quality assurance and self-evaluation procedures will operate at an individual, team and whole school level and will always frame review processes within a simple structure:

- How well am I/are we doing?
- How do I/we know?
- What are my/our strengths or weaknesses?
- What should I/we do to improve?

Who does this policy apply to?

This policy applies to all Springwell School Staff, to the governing body and as consultees; to students through 'Student Voice'; to parents and community members as users of the school's services.

Who is responsible for carrying out this policy?
